Global Market Trends

1

Circular Economy & Sustainability

Focus on recyclable, biodegradable materials and energy-efficient production.

2

High-Speed & Smart Manufacturing

Advancing smart, high-speed machinery to drive industry upgrades.

3

Diverse Industry Demand

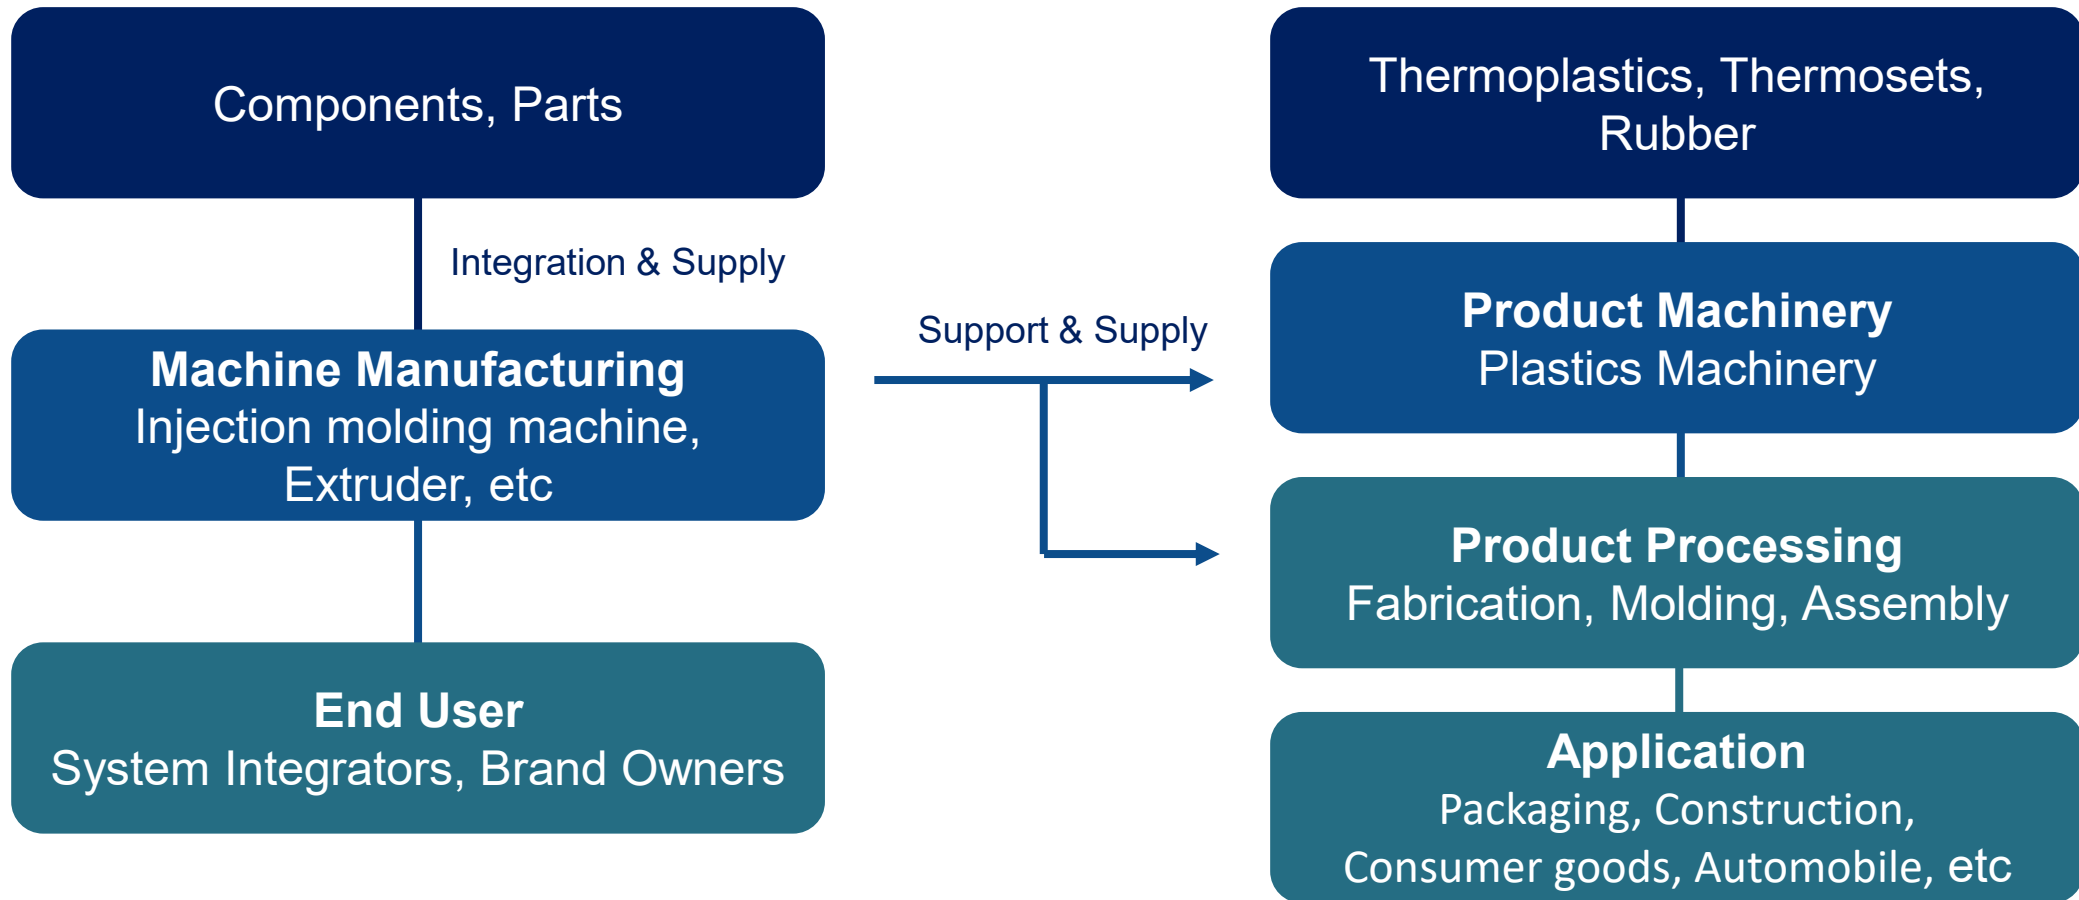

Opportunities in automotive, electronics, medical, and consumer sectors

Taiwan's Competitive Edge in Plastics & Rubber Industry

- **Mature Industrial Clusters** A well-established ecosystem concentrated in Tainan, Taichung, and Hsinchu.
- **Complete Supply Chain** Full vertical integration enables comprehensive, one-stop solutions.
- **Precision & Flexibility** Renowned for high-precision quality and flexible customization.
- **Smart Tech Leadership** World-class ICT expertise driving smart manufacturing upgrades.

Taiwan Plastics & Rubber Industry Supply Chain

Taiwan Export Data Plastics & Rubber Machinery

2025 Plastics & Rubber Machinery Exports

825 million USD

4.62%  (Same-Period Comparison)

Top 10 Export Destinations

- | | |
|--------------|-------------|
| 1. China | 6. Japan |
| 2. Vietnam | 7. India |
| 3. USA | 8. Malaysia |
| 4. Thailand | 9. Mexico |
| 5. Indonesia | 10. Turkey |

WHY TaipeiPLAS

Date

15-19, Sept. 2026

Venue

TaiNEX 1

TaipeiPLAS is a key platform for the plastics and rubber industry, where professionals can network, exchange ideas, and explore new business opportunities, while discovering emerging trends and innovations.

- **Discover** advanced machinery and eco-friendly materials.
- **Find** sustainable solutions across the entire supply chain.
- **Source** innovative products from diverse global exhibitors.
- **Engage** with industry leaders to secure your edge.

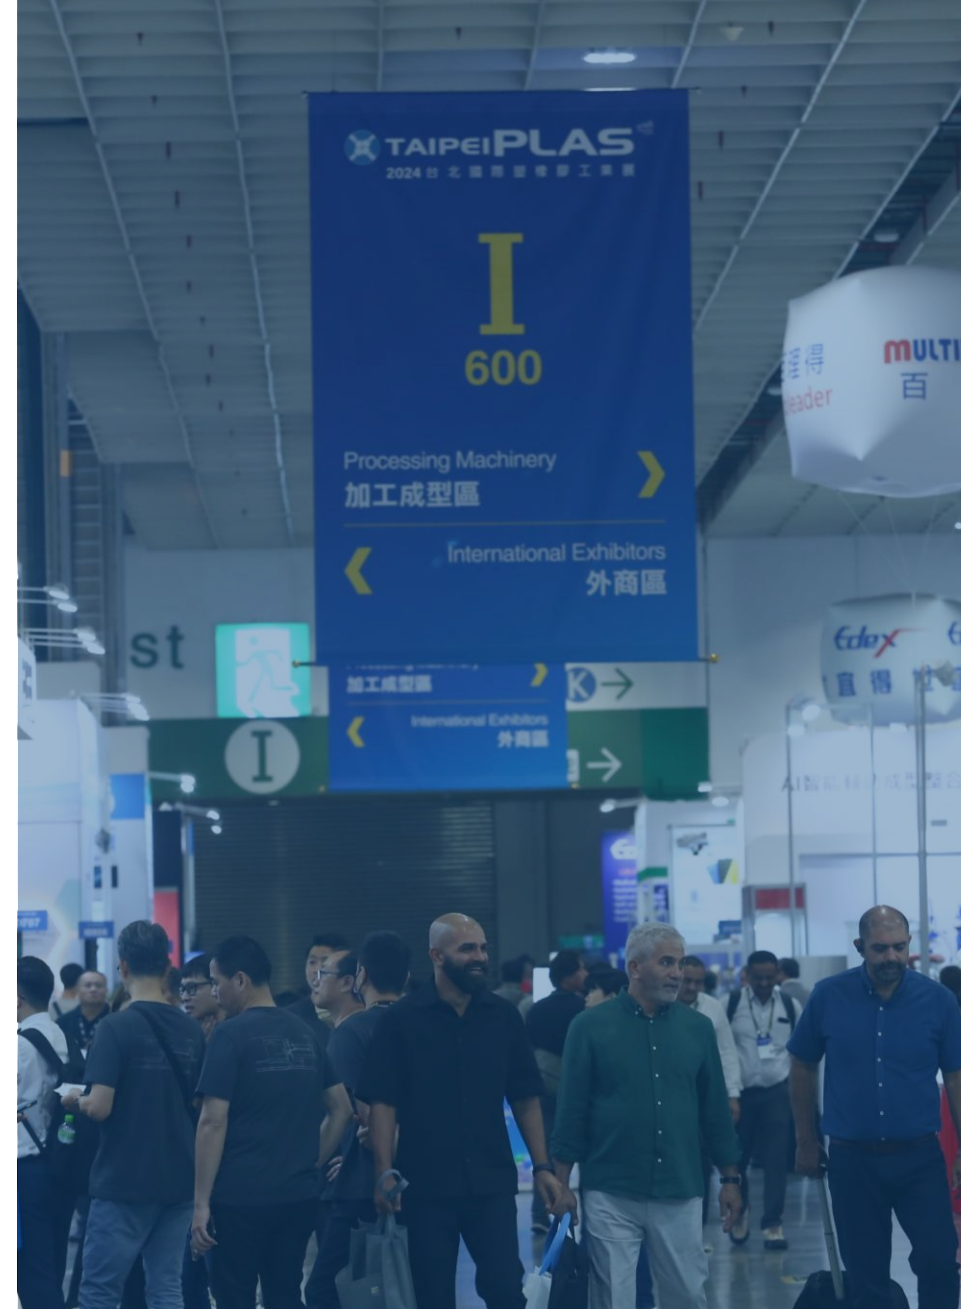

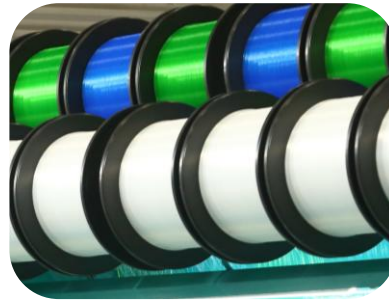

Exhibit Profile

Machinery & Equipment

- Processing Machinery & Advanced Manufacturing
- Peripheral Equipment, Molds & Components

Materials & Chemicals

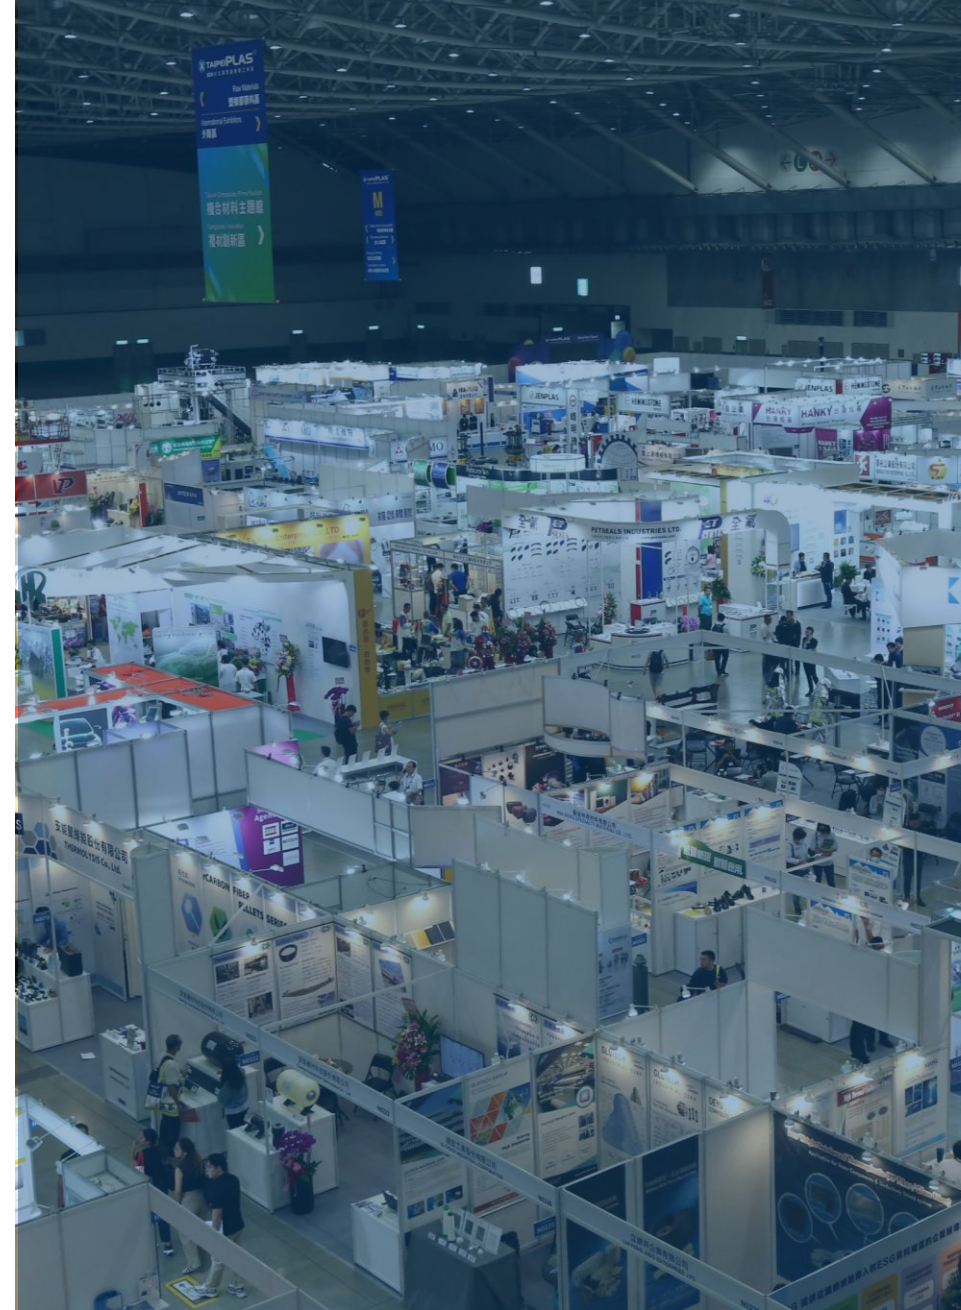

- Materials, Adhesives & Additives
- Composite Materials **NEW**

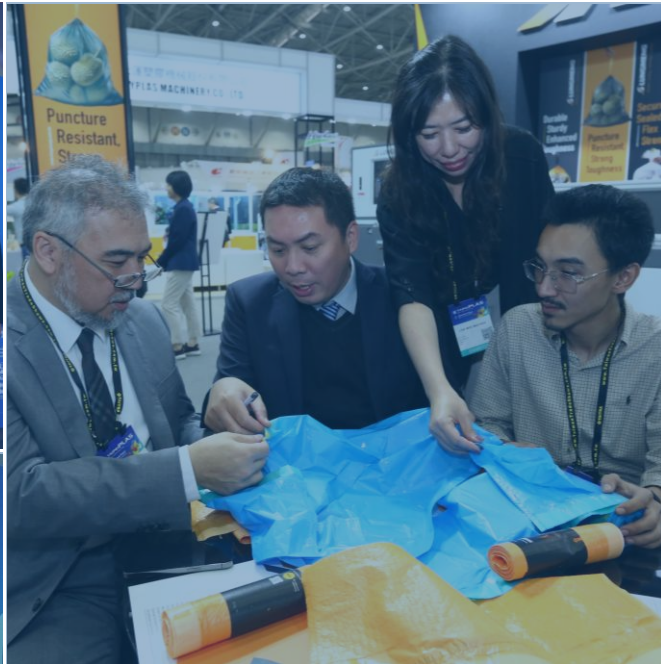

Thematic Sections

- Sustainability & Circular Economy **NEW**
- Shoemaking Technology
- International Exhibitors

Featured Exhibitors

350 Exhibitors 1,500 Booths

Highlight Events

Shaping the Future of Plastics

Opening Ceremony

A premier gathering of global leaders and pioneers to form the future of plastics.

TaipeiPLAS Award

Discover the next generation of smart manufacturing and innovative plastics solutions.

International Forum

Navigate global trends in Net-Zero emissions and high-efficiency circular economies.

Procurement Meeting

Connect with premium suppliers in exclusive sessions to expand your business.
